Highlights

Registration Is In Full Swing

I just wanted to shoot you a 2-week reminder about our Tee it Up Seminar and Golf Day coming up on October 23rd. We are really excited that you'll be there!

This is a great opportunity to network with fellow surveyors and colleagues; as networking helps keep you aware of important information happening in the profession. Continuing Professional Development (CPD) can add to the knowledge, skills, attitudes and values that you already have. There is always a need to learn and develop – age, seniority, expertise are not barriers to undertaking CPD.

Don't miss this opportunity to participate. **[15 MCPD Points available]**

Sharon Dominey, President, Chief Learning & Development Specialist with Smart Learning & Development Solutions is our Presenter for this 3 hour Session entitled:

The Power of You: Keys to Personal and Professional Success

On line Registration is available for the Tee It Up Seminar and Golf Day set to take place **Friday, October 23, 2015, Pippy Park Golf Course, St. John's, NL** [Click Here](#) to learn more.

Upcoming Events

Stay tuned as this Seminar "The Power of You: Keys To Personal and Professional Success" is heading west!

Your MCPD Committee is working with Sharon to firm up a date for some time in November for the Grand Falls-Windsor area.

Plans are to have the Central Regional meeting after the Seminar Session with some Curling to end the day!

Details will be available in the next E-mailer.
